

D.A.V. Police Public School, Kaithal
Annual Planner
Class 2nd

The foundation of learning and education of an individual is laid in the primitive years. Every aspect of development viz. motor, sensory, cognitive, language, social and physical is fired and kindled in the year of early childhood.

Curriculum is often conceived as to what is being taught in the classroom. A list of subjects and a set of syllabus but this definitely does not fit the gamut of learning that is required in 2nd class. That is early milestone of education, children learn while playing, eating and even during washroom time. To meet the objectives learn and develop intellectually, socially and emotionally.
